Core Values

Our Customer: We put our customers at the forefront recognizing & respecting their values; with a view to always meet their requirements and making their sourcing a valuable one.

Personnel: We commit ourselves to ensure that our people grow within the business. We believe in their loyalty, team spirit and legitimate aspirations for always being successful.

Leadership: We demonstrate decisive leadership and fast management reaction to secure maximum advantages of changes.

Responsibility: We recognize and always honor the investment of our customers, as well as our ethical and social responsibilities. We respect our environment and its protection. We compete on quality, service and value. We build our competitive edge on superior innovation and customer responsiveness.

Excellence: We compete on quality, service and value. We build our competitive edge on superior innovation and customer responsiveness. We have a passion for excellence and our intention is to simply be the best.

Competitive Prices: RRP GROUP is able to offer world class service at a very competitive price. NAF have experts in other supply countries to follow their exclusive costing structure to precision. This helps to negotiate better prices from all vendors to suit the customer needs and desire.

OUR SERVICES

Supplier Credibility: developing team take great care to ensure the quality, desired weight, construction and color, we evaluate the capacity and capability of every factory. NAFFASHION LTD also check environmental control, safety laws, labor practices and adherence to labor laws. We make sure that our supplier can meet our requirements when it comes to reaching the average number of pieces produced as per buyer's requirement at a given period of time to meet schedule.

Sourcing: RRP Export maintains strong exclusive relationships with many of the yarn and fabric mills and the accessories suppliers. Upon placement of orders, we check right way and control the quality of all garment inputs such as yarn, fabric, accessories, labeling and coordinates timing of their procurement and its timely delivery. We let buyers choose and decide what kind of accessories and labels to use as far as style, color, design etc.

Sampling: We develop and provide samples as per buyers design, fabric quality, weight, shrinkage, color fastness, specifications etc. to obtain buyers approval before heading to production through our professional staff of Merchandisers and Quality Controllers who always keep a close check on sampling and production.

Quality Control / Assurance : Our Quality Controllers visit the factory regularly to make sure we meet our buyer's requirements. Our quality control personnel are stationed at all manufacturing sites to ensure that all production will meet according to buyer's requirement. We always want to deliver satisfaction to our customers; we monitor the order from sourcing of raw materials and accessories to production and up to the final shipment of goods. We also monitor and report the status of the order to the buyer with systematic follow up on each and every stage.

Packaging: Only approved goods are packed and buyer is assured of getting quality merchandise. Care is also taken to see whether all packing instructions of the buyer are respected.

Shipment/Cargo Handling: All shipping documents are reviewed and verified as per buyer instruction. All cargo is handled by reputable forwarder to obtain correct information regarding ETD and ETA of vessels because time delivery is as important for us as it is to the buyer.

Supply Chain: Planning

- Reserve capacities with supplier's based on forecasts from the Business Units in collaboration with merchandising team
- Monitor capacity utilization to ensure no overloading at any supplier
- Purchase order placement – CSD (confirmed shipment date) are inline with agreed dates
- Negotiate any deviations to optimum delivery
- Handover all confirmed orders to Production Manager for delivery follow-up

Supply Chain: Production and Quality Assurance

- Responsible from order confirmation to final inspection of product, ensuring production plans are achieved
- Deviations to be highlighted to the Business Units accordingly
- Creating product files that allow QC to conduct final inspections at the supplier
- To schedule the QC's to factories to conduct final inspection before the agreed CSD
- Conducting in house lab tests and color control for all orders

Planning, Production and Quality Assurance, Logistics and Shipments

Supply Chain: Logistics and Shipments

- To ensure Business Units are fully aware of the status of their orders as follows:-
 - Early shipment, On time shipment, Late shipment
 - Out of tolerance + or – Quantity
 - Mode of shipment – Sea or Air
 - Receive any changes to confirmed orders, implement with supplier and provide feedback to the Business Units accordingly.
- Receive, check and dispatch on a timely basis all shipment documents from the suppliers
- Working with freight forwarders to ensure logistics are without problems

- Weekly regional production status recap and monitoring
- Conduct factory assessments based on minimum requirements for supplier. Agree action plans for improvement.
- Implement company's Quality standards and define AQL inspection methods.
- Final AQL inspection orders to determine based on military standard AQL
